

5 Day Gorillas & Lake Safari

Days 1 to 4: Kampala to Kisoro (B / L / D)

After an early morning departure from Kampala we drive west into the depths of Uganda to our base in Kisoro.

Lake Bunyoni, the deepest Crater Lake in Africa and home to a large and varied number of beautiful birds, is the base from which the optional Gorilla trek takes place. Dependant on where trekking permits are available, we trek in the Magahinga or Bwindi National Parks in Uganda, the Virunga National Park in the Democratic Republic of Congo, or the Ruhengeri National Park in Rwanda. The prices of trekking permits fluctuate and may change without prior notice - currently they are priced at US\$500 depending on where we trek. There is a local transport & handling fee of US\$65 to US\$70 per person (this covers the return transfer and the Wildlife Authority's booking fee). For trekking in the DRC or Rwanda, we will also have to purchase an additional visa to enter either country, as well as renewing our Ugandan visa upon re-entry. Please budget accordingly.

Trekking Procedures: The mountain gorilla (Gorilla Gorilla Berengei), of which there are still only about 700 remaining, are one of our closest living relatives. A visit to these gentle giants in their natural environment is a unique and wonderful experience - one you'll never forget. The park rangers monitor the gorillas on a daily basis and have a fairly good idea of where they are. However, they are free roaming animals, and their sighting cannot be guaranteed. As the gorillas share much of our DNA, anyone with even the slightest cold or transferable illness will not be permitted to trek. Trekking is also only open to people over 16 years old.

Due to the restrictions on the daily numbers of visitors to these incredible animals, we depart from our base in Bunyoni in small groups over 3-4 days, depending on the group size. Winding our way through arguably some of the most picturesque scenery in Africa, we head to the town of Kisoro where we spend the night (Should we be trekking in Rwanda our overnight will be in Ruhengeri). The following morning, after packing our picnic lunch, we are transferred to a ranger's station where the trek commences. Your rangers will lead you through the cultivated lands and then into the dense rain forest and on to a gorilla family. Trekking can take anywhere from 45 minutes to 8 hours and it can be quite strenuous, so a reasonable level of fitness is required. To ensure the gorillas do not get too used to the presence of humans and because they share many of our genes (and therefore able to catch our diseases), the maximum time permitted to spend with them is 1 hour. You will have plenty of time to watch their activity and to take photographs. The rangers will be able to provide you with a background to the family you are visiting. Once your hour is up, you trek back out of the rain forest to your meeting point where you will be transferred back to the Lake Bunyoni campsite.

You needn't feel like you're exploiting these animals. The ever-growing number of tourists trekking them each day play a vital role in their survival. For years they have been ruthlessly hunted for their hands and heads, which have been sold as ashtrays and lampshades! In addition, large numbers have been killed whilst trying to stop poachers stealing the babies for sale to zoos, where they have never lived long. 100% of the gorilla permit cost is used to by the parks authorities to finance patrols that are instrumental in protecting the gorillas from poachers

Lake Bunyoni

For those of us awaiting our day of gorilla trekking, the choice is yours, visit a local village or church, hike in the surrounding hills, canoe, go on a bird watching walk, visit the local markets of Kabale or just spend the days relaxing or swimming in this tranquil lake.

Day 5: Lake Bunyoni (B / L / D)

After marvelling at the experience of our gorilla encounters and enjoying the peaceful Lake Bunyoni, we begin our drive back to Kampala. We cross the Equator for the second time and stop for the classic 'one foot in each hemisphere' photo opportunity. We overnight in Kampala and have the opportunity to sample its night life!
